Dubai

Enthusiastic Flutter developer with 1.5 years of hands-on experience in building cross-platform mobile apps using Flutter and Dart. Proven ability to create intuitive UIs, implement robust features, and collaborate with cross-functional teams to deliver high-quality solutions on tight deadlines. Strong foundation in software principles with a passion for continuous learning and staying current with Flutter best practices.

Skills

- Dart
- Provider
- Riverpod
- Clean Architecture
- MVC
- Sqflite
- RESTful API
- GitHub

- Flutter
- GetX
- Bloc
- MVVM
- Hive
- Sharedfpreference
- Firebase
- CI/CD(Github action)

Projects

CENTURY POOL – SWIMMING SLOT BOOKING APP

03/2024 - 05/2024

Developed a Flutter app using Dart, BLoC, and Clean Architecture to facilitate slot booking for 100+ users, achieving a 95% success rate and reducing manual scheduling time by 60%.
Incorporated real-time APIs for live data access and permitted offline syncing for uninterrupted usage.
Allowed features like order creation, invoice generation, and sales reporting for staff.
Blended seamless switching between online and offline modes for reliability.
Maintained scalable, maintainable code structure through Clean Architecture and efficient state handling with BLoC.

Q SPICES – SALES & ORDERMANAGEMENT APP

12/2024 - 01/2025

Built a Flutter app with BLoC and Clean Architecture to streamline sales for 15+ company staff, boosting order efficiency by 50% and reducing manual errors by 70%, featuring real-time API incorporation, offline syncing capabilities, and tools that facilitated order creation, invoicing, and sales reporting.

FROOTREE – ONLINE FRUIT & NUT DELIVERY APP

06/2024 - 11/2024

Developed a customer-facing Flutter app for browsing and ordering fruits and nuts, using Provider for state management and real-time API incorporation, resulting in 30% higher customer engagement and smooth order placement through a securely blended payment gateway.

SINCA LEADS MANAGEMENT – LEAD TRACKING APP

09/2024 - 09/2024

Built a Flutter web application using Riverpod and REST APIs to manage and track leads, enhancing user productivity by 60% through real-time data synchronization, a responsive UI, and intuitive workflows, with seamlessly blended API connectivity and thoughtfully facilitated user interactions.

AL RAIQA – SALES ORDER MANAGEMENT APP
06/2025 - 06/2025

Developed a mobile application using Flutter and BLoC for state management, tailored for 20+ sales representatives, allowing smooth interaction, blended real-time data flow, and streamlined daily sales operations.

Experience

FLUTTER DEVELOPER
SCREL INFO PVT LTD, 02/2024 - 10/2024, India

FLUTTER DEVELOPER
WAHNI IT SOLUTIONS , 11/2024 - 06/2025, India

Educations

BACHELOR DEGREE IN COMPUTER APPLICATION
Calicut University, 06/2020 - 03/2023, India

MOBILE APPLICATION DEVELOPMENT USING FLUTTER
Luminar Technolab, 05/2023 - 12/2023, I
